Let's RE:PLAY!

Conference gathering professionals and actors in the field
of children's participation in co-designing playscapes

24th, 25th, 26th of October 2023
Tulla Culture Center, Tirana, Albania

After three years of dedicated work within the [RE:PLAY project](#) we are happy to invite you to the final conference where we will discuss the methodologies, experience, and pilot projects co-created with children and youth.

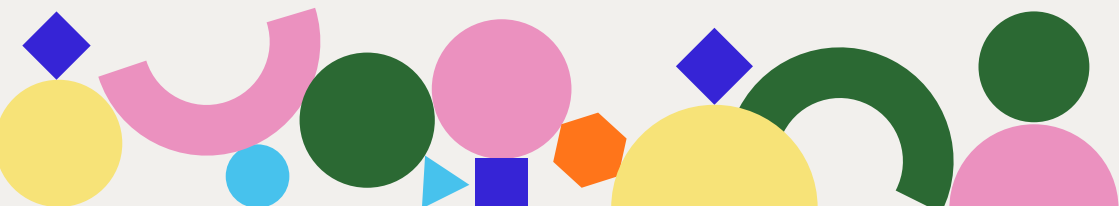

RE:PLAY stands for Redesigning playscapes together with children in the Western Balkans, a project supported and established within the Creative Europe programme. Five organisations coming from Slovenia ([Pazilpark](#)), Croatia ([Kreativni Krajobrazi](#)), Serbia ([Škoograd](#)), Montenegro ([Gradionica](#)) and Albania ([Qendra Marrëdhënie](#)) joined forces in this collaborative endeavour of bringing more accessible play opportunities and more inspiring play environments to cities in the Western Balkans Region. The project operates predominantly within the school grounds envisioning more authentic and nature-inspired playscapes. We have learned from each other, exchanged, and modified our work through reflective practices and we want to share this with you.

We invite you to join us from **Tuesday, 24th of October 2023** in Tirana, Albania, to get inspired for more play, creative planning and action. Join the RE:PLAY partner organisations, international experts and local decision-makers to discuss project results and findings, enjoy school tours and engage in a school street party.

The event is FREE and open to the public, it will be held in English.

Registration is needed: Please register [HERE](#).
